Watchdog to the Solar System

Earth Edition

July 2010

Special Report!

On July 7th Michael Casher was taken to the hospital with severe abdominal pain and had to undergo immediate surgery for a perforated appendix. Mr. Casher's emergency surgery was successful and he was released from the hospital on July 15th.

Since Michael Casher's alter ego, *Jonco Bugos*, is the star reporter for the official newsletter of Science Fiction for Thinkers.com, we are sorry to announce that there will be no July issue this year. Hopefully, Michael will be released from his doctor's care in time for Jonco to complete the August 2010 issue.

Our sincerest apologies for any inconvenience this may have caused our readers. Thank you for reading *The Pluto Observer*.
